

Health & Safety Policy Statement

This policy applies to:

- All civil engineering and building construction sites controlled by Brenig Construction, and all activities carried out at these sites
- Head office and temporary site offices where applicable
- Employees and all affected or interested parties engaged through the course of our activities

Brenig Construction undertakes to:

- Operate and implement our health and safety management system at all times
- Comply with all relevant legislation and customer requirements
- Assess risk and hazards through experienced and competent personnel
- Seek and apply continual improvement through measurement against policy and performance, evaluation, review, training and procedural change where required
- Ensure all necessary resources, PPE and equipment are provided to meet the objectives of this policy
- Deploy suitably qualified staff to ensure compliance with this policy at all times
- Seek to follow industry best practice at all times, and exceed standards wherever possible
- Communicate this policy to our employees, stakeholders, and all interested parties to ensure they understand their rights and responsibilities
