08:00–18:00	Poster exhibition		
08:00-09:00	SESSION 1 ROUND TABLE: HOW TO PRESERVE PATIENTS' HEALTH DURING AND AFTER ONCOLOGY TREATMENT? <u>Moderator:</u> Ana Jovicevic (IORS)		
08:00-08:05	Introduction		
08:05-08:15	Influence of physical activity on treatment results and quality of life in cancer patients	invited lecture	Dragana Jovicevic
08:15-08:25	The effects of smoking on the results of oncological treatment and life quality of patients	invited lecture	Svetlana Ristic
08:25-08:35	Vaccination in cancer patients	invited lecture	Ana Jovicevic
08:35-08:45	Mental health among cancer patients	invited lecture	Marija Andrijic
08:45-08:55	Fertility preservation in patients with cancer	invited lecture	Snezana Susnjar
08:55-09:00	Discussion and closing remarks		
09:00-10:40	SESSION 2 CANCER RESEARCH PROJECT AT NATIONAL CANCER RESEARCH CENTER <u>Coorganizer:</u> SACR <u>Moderators:</u> Mirjana Brankovic Magic (IORS) Sinisa Radulovic (IORS)		
09:00-09:05	Introduction		
09:05-09:20	Impaired NK cell cytotoxicity and activating receptors expression in high-risk localized melanoma	invited lecture	Katarina Mirjagic Martinovic

	patients		
09:20-09:35	Clinicopathological and genetic prognostic factors in lung neuroendocrine carcinoid tumors	invited lecture	Milena Cavic
09:35-09:50	Frequency of intermediate penetrance genes in breast and ovarian cancers in Serbia and complexities in variant annotation using NGS	invited lecture	Ana Krivokuca
09:50-10:05	Cytokines as potential prognostic molecular biomarkers in early breast cancer	invited lecture	Jelena Milovanovic
10:05-10:20	3D tumor models in cancer research	invited lecture	Marija Djordjic Crnogorac
10:20-10:35	Pharmacological evaluation of novel ruthenium complexes with bioactive ligands as potential anticancer agents <i>in vitro</i>	invited lecture	Marijana Pavlovic
10:35-10:40	Closing remarks (3 minutes discussion after each lecture)		
10:40-10:50	Break		
10:50-12:30	SESSION 3 VIRUSES AND CANCER <u>Coorganizer:</u> UMOS <u>Moderator:</u> Zoran Tomasevic (IORS)		
10:50-10:55	Introduction		
10:55-11:10	Human papillomavirus and cancer	invited lecture	Ana Jovicevic
11:10-11:25	Head and neck squamous cell carcinoma and human papillomavirus infection	invited lecture	Ljubica Fustar Preradovic
11:25-11:40	HBV/HCV and hepatocellular carcinoma	invited lecture	Suzana Matkovic
11:40-11:55	Epstein Barr virus and hematologic malignancies	invited lecture	Mila Puric

11:55-12:10	HHV-8 and Kaposi sarcoma	invited lecture	Zoran Tomasevic
12:10-12:25	From novel insights in molecular biology to prevention and treatment of virus-induced cancers	invited lecture	Radmila Jankovic
12:25-12:30	Closing remarks (3 minutes discussion after each lecture)		
12:30-14:05	SESSION 4 NOVELTIES IN SOLID MALIGNANT TUMOR SYSTEMIC THERAPY IN 2018 <u>Coorganizer:</u> UMOS <u>Moderators:</u> Davorin Radosavljevic (IORS) Biljana Kukic (IOV)		
12:30-12:45	Novelties in diagnosis and treatment of breast cancer patients in 2018	invited lecture	Ivana Bozovic Spasojevic
12:45-13:00	Novelties in systemic therapy of colorectal cancer in 2018	invited lecture	Tamara Ursulovic
13:00-13:15	Novelties in systemic therapy of non-colorectal gastrointestinal cancers in 2018	invited lecture	Biljana Kukic
13:15-13:30	Novelties in systemic therapy of gynecological malignancies in 2018	invited lecture	Marijana Milovic Kovacevic
13:30-13:45	Novelties in systemic therapy of lung cancer in 2018	invited lecture	Davorin Radosavljevic
13:45-14:00	Novelties in systemic therapy of urological malignancies in 2018	invited lecture	Suzana Matkovic
14:00-14:05	Closing remarks (3 minutes discussion after each lecture)		
14:05-14:35	Satellite Symposium – AstraZeneca: Personalized approach to cancer therapy as a reality and need of modern cancer management in Serbia <u>Speakers:</u> Davorin Radosavljevic Ljiljana Stamatovic		
14:35-15:00	PLENARY LECTURE Robotic and reconstructive technologies in head and neck oncosurgery		

	Prof. dr Igor Reshetov , Russia World Federation of Surgical Oncology Societies (WFSOS), President		
15:00-16:00	WELCOME COCKTAIL		
16:00	OPENING CEREMONY OF 55th ONCOLOGY CONGRESS		
	Nada Santrac , Serbian Medical Society Cancerology Section secretary and Congress secretary	Opening word and presentation of Congress Scientific Programme	
	Radan Dzodic , Serbian Medical Society Cancerology Section president and Congress president	Greetings	
	Radoje Colovic , Serbian Medical Society president	Greetings	
	Zlatibor Loncar , Ministry of Health, Republic of Serbia	Greetings	
	Ana Stamenkovic , Ivana Bozovic , Radio Television of Serbia	Presentation of results and future activities of National campaign: “Cancer is treatable“	
	Svetlana Samardzic , Association of lung cancer patients „Punim plucima“	Presentation of newest cancer patients association for lung cancer „Punim plucima“	
November 1st, 2018			
THURSDAY			
„Crowne Plaza“ hotel			
08:00–18:00	Registration of speakers and participants (hall)		
08:00–18:00	Poster exhibition		
08:00-10:20	SESSION 5 NATIONAL CANCER PLAN – SCREENING PROGRAMS <u>Moderators:</u> Radan Dzodic (IORS) Verica Jovanovic (IZJZ „Batut“)		
08:00-08:20	Challenges in organization and implementation of	invited lecture	Darija Kisic Tepavcevic

	screening in the territory of Serbia		
08:20-08:40	Primary and secondary prevention of colorectal cancer	invited lecture	Zoran Krivokapic
08:40-09:00	Organized and opportunistic mammography screening in Serbia	invited lecture	Zorica Milosevic
09:00-09:20	Breast cancer screening programs in Europe – a comparative analysis	invited lecture	Mirjan Nadrljanski
09:20-09:40	Organized breast cancer screening in Serbia – results and challenges	invited lecture	Verica Jovanovic
09:40-10:00	National Cancer Plan in Serbia	invited lecture	Radan Dzodic
10:00-10:20	Discussion and closing remarks		
10:20-10:30	Break		
10:30-12:00	SESSION 6 PERSONALIZED MEDICINE BASED ON TREATMENT OUTCOMES <u>Moderatos:</u> Radan Dzodic (IORS) Vicko Ferenc (Ministry of Health of Serbia)		
10:30-10:50	The importance of data collected in routine clinical practice	invited lecture	Darija Kistic Tepavcevic
10:50-11:10	Contemporary treatment algorithm in non-small cell lung cancer	invited lecture	Marko Jakopovic, Clinics for pulmonary diseases „Jordanovac“, CHC Zagreb
11:10-11:30	Access models based on treatment outcomes	invited lecture	Rok Hren, Global ISPOR Board of Directors
11:30-12:00	Panel discussion: Radan Dzodic (IORS), Vicko Ferenc (MoH), Davorin Radosavljevic (IORS), Nenad Mijalkovic (CSS)		
12:00-13:00	Satellite Symposium – Roche: Foundation for future <u>Moderator:</u> Davorin Radosavljevic <u>Speakers:</u> Marko Jakopovic, Nada Babovic		
13:00-13:30	Satellite Symposium – Takeda Oncology: Perspectives and novelties in the treatment of advanced ALK+ non-small cell lung cancer <u>Moderator:</u> Davorin Radosavljevic <u>Speakers:</u>		

	Bojan Zaric - Biology and mechanisms of resistance to ALK inhibition Davorin Radosavljevic - Clinical results and algorithm of treatment of ALK inhibitors		
13:30-14:30	Lunch		
14:30-15:00	PLENARY LECTURE Preservation and reconstruction of the recurrent laryngeal nerve in thyroid cancer surgery Akira Miyauchi , Japan Asian Association of Endocrine Surgeons (AsAES), President		
15:00-16:25	SESSION 7 THYROID CANCER I <u>Coorganizers:</u> SSSO, ESSO, AsAES, WFSOS <u>Moderators:</u> Radan Dzodic (Serbia) Akira Miyauchi (Japan) Euy Young Soh (Korea)		
15:00-15:15	Genetics of thyroid cancer and its implications for the surgeon	invited lecture	Amit Agarwal, India
15:15-15:30	Papillary thyroid cancer – optimal management	invited lecture	Roma Pradhan, India
15:30-15:45	Sentinel lymph node biopsy for optimizing thyroid carcinoma surgery	invited lecture	Nada Santrac, Serbia
15:45-16:00	Endoscopic Surgical Approaches for thyroid tumors	invited lecture	Gyan Chand, India
16:00-16:15	Robotic Thyroid Surgery - Current Scenario	invited lecture	Euy Young Soh, Korea
16:15-16:25	Discussion and closing remarks		
16:25-16:50	PLENARY LECTURE Complications of thyroid surgery: original techniques of parathyroid glands preservation and liberation of ligated laryngeal nerves Radan Dzodic , Serbia President of Cancerology Section of Serbian Medical Society and Serbian Society of Surgical Oncology		
16:50-17:00	Break		
17:00-19:00	SESSION 8 THYROID CANCER II <u>Coorganizers:</u> SSSO, ESSO, AsAES, WFSOS <u>Moderators:</u>		

	Anatolii Romanchishen (Russia) Nikola Besic (Slovenia) Ivan Markovic (Serbia)		
17:00-17:15	Ultrasound-guided fine-needle aspiration biopsy with cytomorphological analysis for preoperative diagnostics of papillary thyroid microcarcinoma – our experience	invited lecture	Ljubica Fustar Preradovic, Croatia
17:15-17:30	Incidence of lymph node metastases in thyroid microcarcinomas	invited lecture	Merima Goran, Serbia
17:30-17:45	Thyroid carcinoma in children and adolescents – our experiences	invited lecture	Marko Buta, Serbia
17:45-18:00	Childhood thyroid cancer surgery before and after Chernobyl disaster - result of study more than 2000 observations	invited lecture	Anatoly Romanchishen, Russia

08:00-10:20	SESSION 9		

	FUTURE OF RADIOTHERAPY Moderators: Marina Nikitovic (IORS) Vesna Plesinac-Karapandzic (IORS) Milan Saric (IORS)		
08:00-08:05	Introduction		
08:05-08:15	Molecular radiotherapy - future directions	invited lecture	Ivana Matic
08:15-08:25	Role of MRI based brachytherapy in prevention of post-irradiation complications in patients with advanced cervical carcinoma	invited lecture	Aleksandar Tomasevic
08:25-08:35	Preoperative radiotherapy in breast carcinoma	invited lecture	Jasmina Mladenovic
08:35-08:45	New radiotherapy techniques in pediatric oncology	invited lecture	Jelena Bokun
08:45-08:55	New techniques in pediatric neuro-oncology	invited lecture	Dragana Stanic
08:55-09:05	Portal Dosimetry – Dose verification method in VMAT therapy	invited lecture	Sandra Vuckovic
09:05-09:15	Treatment modalities for residual/recidivant tumor in locally advanced cervical carcinoma	invited lecture	Mirjana Mikovic
09:15-09:25	Adjuvant radiotherapy in early endometrial carcinoma	invited lecture	Predrag Petrasinovic
09:25-09:35	Technical aspects of stereotactic body radiotherapy of liver and lung metastases	invited lecture	Olivera Ivanov
09:35-09:45	Modern radiotherapy of head and neck tumors in the era of personalized medicine	invited lecture	Natasa Jovanovic-Korda
09:45-09:55	The importance of radiotherapy in the	invited lecture	Suzana Stojanovic-Rundic

	treatment of pancreatic cancer		
09:55-10:05	Intensity-modulated radiotherapy for prostate cancer	invited lecture	Vesna Stankovic
10:05-10:20	Discussion and closing remarks		
10:20-10:30	Break		
10:30-12:00	SESSION 10 SUPPORTIVE ONCOLOGY: ENTERAL NUTRITION OF ONCOLOGY PATIENTS <u>Moderators:</u> Snezana Bosnjak (IORS) Marina Panisic Sekeljic (VMA)		
10:30-10:40	Is nutrition of our patients adequate?	invited lecture	Marina Panisic Sekeljic
10:40-10:50	Cachexia in patients with malignant disease: nutritional support and pharmacotherapy	invited lecture	Snezana Bosnjak
10:50-11:00	Нутриција у току радиотерапије код пацијената са туморима регије главе и врата	invited lecture	Natasa Jovanovic-Korda
11:00-11:10	Nutritional assessment and nutritional intervention during high dose chemotherapy	invited lecture	Vladislava Djurasinovic
11:10-11:20	Nutritive support in surgical oncology patients	invited lecture	Suzana Krstic
11:20-11:30	Nutritive support for patients during chemotherapy treatment and for patients without signs of active malignant disease (“survivors”) after treatment	invited lecture	Jelena Dimitrijevic, Vladislava Djurasinovic
11:30-11:40	Importance of assessment of malnutrition risk in lung cancer patients	invited lecture	Tomi Kovacevic
11:40-11:50	Needs in substrates and the importance of	invited lecture	Violeta Dopsaj

	physical exercise in oncology patients		
11:50-12:00	Discussion and closing remarks		
12:00-13:00	LUNCH		
13:00-13:30	PLENARY LECTURE Challenges of cancer care in middle-income countries Albreht Tit, Slovenia National Institute for Public Health, Ljubljana, Slovenia		
13:30-14:30	Satellite Symposium – Roche: Clinical practice in the era of precision medicine <u>Moderator:</u> Sinisa Radulovic <u>Speakers:</u> Lazar Popovic, Jelena Spasic, Ana Cvetanovic, Sandra Krstajic <u>Panel experts:</u> Ljiljana Stamatovic, Radmila Jankovic, Davorin Radosavljevic		
14:30-16:00	SESSION 11 METASTATIC DISEASE I <u>Coorganizers:</u> SSSO, UMOS, ESSO, WFSOS <u>Moderators:</u> Radan Dzodic (IORS) Danica Grujicic (NHK KCS) Marina Nikitovic (IORS)		
14:30-14:45	Open surgery of brain metastases – indications and postoperative care	invited lecture	Danica Grujicic
14:45-15:00	The role of gamma knife in the treatment of metastatic brain disease	invited lecture	Biljana Seha
15:00-15:15	Conformal radiotherapy of brain metastases	invited lecture	Marina Nikitovic
15:15-15:30	What is new in the treatment of patients with non-small cell lung cancer and CNS metastases?	invited lecture	Jelena Spasic
15:30-15:45	Systemic therapy of breast cancer brain metastases	invited lecture	Ana Cvetanovic
15:45-16:00	Discussion and closing remarks		
16:00-16:15	Break		
16:15-18:00	SESSION 12 METASTATIC DISEASE I <u>Coorganizers:</u> SSSO, UMOS, ESSO, WFSOS <u>Moderators:</u> Radan Dzodic (IORS)		

	Lazar Popovic (IOV) Srdjan Nikolic (IORS)		
16:15-16:30	Metastatic urothelial carcinoma	invited lecture	Lazar Popovic
16:30-16:45	Radionuclide therapy of metastatic thyroid carcinoma	invited lecture	Ljiljana Mijatovic Teodorovic
16:45-17:00	Surgical liver resection in the oncology setting	invited lecture	Milan Zegarac
17:00-17:15	Isolated limb perfusion (HILP) in the treatment of soft tissue sarcomas of the extremities	invited lecture	Srdjan Nikolic, Emilija Filipovic
17:15-17:30	Treatment of colorectal peritoneal carcinomatosis by hyperthermic intraperitoneal chemotherapy (HIPEC)	invited lecture	Srdjan Nikolic, Milan Kocic
17:30-17:45	Hyperthermic intrathoracic chemotherapy (HITHOC) in ovarian carcinoma – review of literature and a case report	invited lecture	Dejan Stojiljkovic
17:45-18:00	Discussion and closing remarks		
November 2nd, 2018			
FRIDAY			
Institute for Oncology and Radiology of Serbia (amphitheatre)			
08:00-12:00	LIVE SURGERY: THYROID SURGERY USING INTRAOPERATIVE NEUROMONITORING <u>Coorganizers:</u> SSSO, ESSO, AsAES, WFSOS <u>Moderators:</u> Ivan Markovic (IORS) Marko Buta (IORS) <u>Surgical team:</u> Radan Dzodic, Nada Santrac, Nikola Jeftic		
November 3rd, 2018			
SATURDAY			

„Crowne Plaza“ hotel			
08:00-10:00	Registration of speakers and participants (hall)		
08:00-18:00	Poster exhibition		
08:00-09:15	SESSION 13 (UMOS) LUMINAL HER2 - NEGATIVE METASTATIC BREAST CARCINOMAS – IS THERE IMPROVEMENT IN SERBIA? <u>Moderators:</u> Ljiljana Stamatovic (IORS) Snezana Susnjar (IORS)		
08:00-08:15	Biology of luminal HER2 – negative breast carcinoma	invited lecture	Suzana Vasovic
08:15-08:30	Treatment of metastatic luminal HER2 – negative breast carcinoma	invited lecture	Snezana Susnjar
08:30-08:45	Compliance of treatment of metastatic luminal HER2 - negative breast carcinomas in Serbia with global recommendations	invited lecture	Ljiljana Stamatovic
08:45-09:15	Panel discussion: Jasna Trifunovic, Zafir Murtezani, Ivana Bozovic Spasojevic, Jasmina Nedovic, Ana Cvetanovic		
09:15-10:15	Satellite Symposium – Myriad Genetics & Gene Analysis: EndoPredict, a Second Generation Gene Expression Analysis, Answers the Clinical Dilemma in Breast Cancer: Chemo OR Not? <u>Moderators:</u> Mirjana Brankovic Magic (IORS) Snezana Susnjar (IORS) <u>Speaker:</u> Efstathios Tsitsopoulos , MSc/PgDipl BA, Molecular Biologist, Head of Molecular Genetics Department, BIOIATRIKI S.A.		
10:15-10:30	Break		
10:30-12:00	SESSION 14 (UMOS, UGOS) CHALLENGES IN YOUNG WOMEN WITH BREAST CANCER: FERTILITY AND PREGNANCY <u>Moderators:</u> Vesna Kesic Snezana Susnjar (IORS) Ivana Bozovic Spasojevic (IORS)		
10:30-10:50	Introduction: Cancer	invited	Vesna Kesic, Serbia

	and pregnancy	lecture	
10:50-11:10	Adjuvant treatment for young BC patients and role of ovarian suppression/ablation	invited lecture	Alexandru Eniu, Romania
11:10-11:30	The impact of chemotherapy on fertility and use of GnRHa with chemotherapy to protect ovarian function and fertility	invited lecture	Matteo Lambertini, Belgium
11:30-11:50	Pregnancy after adjuvant treatment in BC survivors and possibility to temporarily interrupt adjuvant endocrine therapy to allow for pregnancy (IBCSG 14/48 study Positive)	invited lecture	Fedro Alessandro Peccatori, Italy
11:50-12:00	Discussion and closing remarks		

12:00-13:00	ORAL PRESENTATIONS OF SELECTED ABSTRACTS <u>Moderators:</u> Snezana Susnjar (IORS) Ivan Markovic (IORS)		
12:00-12:10	Surgical treatment of young patients with breast cancer	oral presentation	Zorka Inic, IORS
12:10-12:20	Multimodal radiological imaging of complications and sequelae after breast irradiation during treatment of breast cancer	oral presentation	Natasa Prvulovic Bunovic, IOV
12:20-12:30	Sentinel lymph node tumor burden and immunophenotype and its correlation with non-sentinel lymph node positivity	oral presentation	Milica Rajovic, VMA
12:30-12:40	Correlation of mutational status, clinicopathological characteristics and risk factors in patients with metastatic melanoma: a single-centre analysis of 123 patients	oral presentation	Tatjana Radevic, VMA
12:40-12:50	Multimodal approach in detection of carcinoma of unknown primary origin	oral presentation	Milos Vukovic, IOV
12:50-13:00	Nutritional status in patients with lymphoid malignancies and its influence on progression free and overall survival	oral presentation	Vladislava Djurasinovic, KCS
13:00-14:00	LUNCH		
14:00-16:50	SESSION 15 MELANOMA: FIVE YEARS OF INTERSECTIONAL MELANOMA COMMITTEE – NEW GUIDELINES AND MELANOMA REGISTRY <u>Coorganizers:</u> Serbian Medical Association Intersectional melanoma committee, SSSO, ESSO, WFSOS <u>Moderators:</u>		

	Radan Dzodic (IORS) Nada Babovic (IORS) Marijan Novakovic (KCS)		
14:00-14:15	Histopathological reporting of melanoma (2018)	invited lecture	Dimitrije Brasanac
14:15-14:30	Primary staging and follow-up in melanoma patients: national guidelines	invited lecture	Zeljko Mijuskovic, Tatjana Radevic
14:30-14:45	Primary melanoma surgery: new recommendations for sentinel lymph node biopsy	invited lecture	Ivan Markovic, Marija Rakovic
14:45-15:00	Discussion		
15:00-15:15	Adjuvant therapy of melanoma	invited lecture	Suzana Matkovic, Dobrica Neric
15:15-15:30	Treatment of distant metastatic melanoma (stage IV)	invited lecture	Nada Babovic
15:30-15:45	Treatment of CNS melanoma metastases	invited lecture	Danica Grujicic, Biljana Seha
15:45-16:00	Treatment of metastatic melanoma in Serbia 2015-2018: Serbian Melanoma Registry data	invited lecture	Lidija Kandolf Sekulovic
16:00-16:15	Discussion		
16:15-16:40	PLENARY LECTURE Immunomodulation therapy of melanoma – the role of dendritic cell therapy Frank Gansauge, Germany		
16:40-16:50	Discussion and closing remarks		
16:50-17:00	Break		
17:00-17:30	55th Oncology Week Highlights		
17:30-18:00	General Assembly of Cancerology Section SMS Closing, evaluation and distribution of certificates		
November 3rd, 2018 SATURDAY Institute for Oncology and Radiology of Serbia (amphitheatre)			

10:00-12:00	12TH ONCOLOGY PATIENTS FORUM: NUTROTION AND LIFESTYLE IN CANCER PATIENTS <u>Moderators:</u> Ana Jovicevic Svetlana Berat		
10:00-10:20	Nutrition in cancer patients	invited lecture	Jagoda Jorga
10:20-10:40	Physical activity in cancer patients	invited lecture	Dragana Jovicevic, Dusanka Cupic
10:40-11:00	Relaxation in cancer patients	invited lecture	Svetlana Berat
11:00-12:00	Discussion and closing remarks
